Delivering the power of possibilities
At Nichiha we think the future is bright

Every day more and more people are discovering the beauty and performance of Nichiha’s fiber cement Architectural Wall Panels. Once you’ve seen or used a Nichiha product, you’ll be looking for ways to use it again.

Your projects come in all shapes, markets and styles... at Nichiha we make an attractive fiber cement cladding solution for most of them. Our products help you capture the look of metal, block, stone, wood and brick in considerably less time and at a fraction of the cost. Our ever-expanding offering of textures and finishes takes buildings of all kinds to new and unexpected places.
More time imagining, less time managing.

Why settle for one look when you can achieve multiple looks from the same source? Many times a single project design requires a mix of cladding styles. With Nichiha Architectural Wall Panels, achieving the variety you are searching for is easier than ever. Our panels provide the look of metal, stone, wood, concrete, brick and much more. Best of all, every panel style offers the same clip installation system ensuring projects are installed quickly, saving time and money. Only one type of installer is required to complete the work, eliminating the need for specialized masons or other trade labor. Using multiple looks from one source helps projects move from conception to completion with ease.

Let your vision go where it will... you have the power of possibilities on your side.
Nichiha’s Illumination panels deliver sleek sophistication with ease

Sleek, bold, vibrant. These are the words industry professionals are using to describe Nichiha’s Illumination fiber cement panel. Its smooth satin finish, easy installation and virtually limitless color pallet give you a degree of design freedom that most cladding products simply can’t match. Delivering sleek sophistication comes naturally for Illumination. But don’t let the pretty face fool you; there’s more than meets the eye.

When compared to traditional aluminum composite and phenolic panels, Illumination delivers significantly more bang for far fewer bucks. Illumination panels add a splash of color and style to a wide array of projects:

Nichiha’s Illumination panels deliver sleek sophistication with ease

Some people see metal, others see masonry…
all we see is stunning

Adding color and style to your projects has never been easier. Nichiha’s Color Xpressions System is a simple 3-step process for Illumination panels that opens up a nearly limitless world of possibilities. Color Xpressions is backed by a 15-year limited factory-applied finish warranty.

*See Nichiha warranties for detailed information on terms, conditions and limitations.

**Note:** Can be installed horizontally or vertically. Has a wider u-shaped joint profile in comparison to the AWP 1818 profile.
With its premium metallic looking finish and unique texture, our Ribbed Panel is the perfect complement to any project. The Ribbed Panel provides a great solution to break up a space and adds sophistication to the overall design aesthetic. It is perfect as an exterior or interior accent and its sleek look pairs well with modern materials such as block panels, glass and metal. The panel features a deluxe finish that reflects light and creates the appearance of brushed, precious metals. The ribbed texture allows the panel to add interest and variation. The Ribbed Panel is easily installed with our time-saving clip installation system and hidden fasteners help maintain a clean design.

Are you ready to make a big, bold visual impact by utilizing the 3D qualities of the Ribbed Panel? It is sure to take center stage and stand out from the crowd. Turn up the volume and drama on your next project.

**Heavy metal is not just for the stage… it is also notorious for bringing walls to life**

Unleash your inner rock star with the **METALLIC SERIES**

Rev it up! Add the Ribbed panel to your next focal wall.

Note: can be installed horizontally or vertically. Note: there are 9 ribs per panel.
Making modern possible with the power of fiber cement

The clean, modular look of Nichiha ArchitecturalBlock is a versatile choice for commercial and residential projects alike. Its cool modern tones and subtle seams are the perfect partner for gleaming glass, stainless steel or even paired with the warmth of wood. ArchitecturalBlock is a handsome, durable and cost-effective solution. The ease of installation and wide variety of corner options make it as popular with contractors as it is with clients.

TuffBlock offers many of the same features as ArchitecturalBlock, but takes modern to the next level with its tough, textured finish. TuffBlock remains true to its name with a strong construction that is backed by the power of fiber cement. This product means business and is built to last. TuffBlock is the perfect Architectural Wall Panel for high-traffic areas as it stands up against everyday wear and tear.
Warm up your project with our Wood Series

Get the natural look of wood with the unmatched durability of fiber cement.

Nichiha provides the look of wood without the drawbacks of natural wood cladding. Built to last, our VintageWood and RoughSawn offer the rich textures of wood while providing color stability and withstanding extreme weather elements. VintageWood exudes modern refinement and works well in both modern and vintage designs. With its earthy appeal, RoughSawn adds rustic sophistication to all types of projects. Both products pair perfectly with glass, metal and block panels, adding a touch of warmth to the coolness of these materials.

VintageWood and RoughSawn are as versatile as they are durable. Our Wood Series panels can install both vertically and horizontally and can be used in interior and exterior settings. Hidden fasteners provide a clean and beautiful look. Creating the perfect match, Nichiha gives you the beauty of wood backed by the brawn of fiber cement.
IndustrialBlock and EmpireBlock put a fresh face on industrial chic.

Backed by the power of fiber cement, IndustrialBlock offers a distressed concrete design with all the irregularities and characteristics of natural concrete. IndustrialBlock can pair with a wide range of products and its fresh approach works in both modern and vintage settings. The lightweight panels install vertically and horizontally, covering 15 square feet per panel.

EmpireBlock delivers the look and feel of precast concrete block in a more versatile and easier to use format. Perfect for indoor environments as well as exterior cladding, you will never have to worry about curing times, cracking or color inconsistency.

KuraStone adds the look of stacked stone – without piling on cost

Achieving the look of stacked stone is now easier than ever

Nichiha KuraStone™ reduces material cost and simplifies installation for a double dose of budget help. Its rugged texture and color variation add interest and charm as an accent or as the main attraction. With a variety of panel sizes per pack, the KuraStone™ family of products is a popular, adaptable solution for both interior and exterior projects.
All the things you love about brick

The look you want...without the cost, without the hassle

Nichiha’s Brick Series offers the look and timeless appeal of traditional brickwork.

The slight variations in color, the stately good looks, even the grout lines; it’s all there. Thanks to a proprietary multi-layered coating process, the beauty of Nichiha is built to last. We did leave out two things: the tons of weight and the extra time required to see your project to completion... but we figured they wouldn’t be missed.

Get the classic look of kiln fired brick with the modern strength of PlymouthBrick panels.
The grandeur of stone is more attainable than you might think

Nichiha’s SandStone is as thrifty as it is elegant. With its subtle color and deep texture, our SandStone begs to be touched and examined more closely. Even after seeing it with their eyes and touching it with their hands, your clients will wonder how you ever managed to stay on budget. We call that a trade secret.

CinderBlock captures the look of concrete block and adds a traditional design aesthetic to any commercial building. Covering approximately 9 square feet per panel, CinderBlock goes up in a fraction of the time required by a crew of masonry contractors. CinderBlock offers two finish options, giving you more possibilities.
The details make the design… ensure your project stands out by using our Essential Flashing System.

The Essential Flashing System includes Nichiha accessories needed to complete the system and ensure a clean, polished look. In order to achieve your design intent, it is important to consider the smallest of details. Our Essential Flashing System allows you to easily complete your project with the highest level of precision.

Note: Each component of the Essential Flashing System is sold separately.
Nichiha’s unique installation hardware and accessories ensure that taking your vision from the drawing board to reality is a cinch.

Don’t sweat the small stuff…we already have

Nichiha’s customized Tamlyn trim adds the finishing touches to any project. It’s not only simple and sleek, but also a cost-effective and time-efficient solution to finishing corners, windows and door trims. Choose from 6 trim profiles specifically designed for Nichiha’s Architectural Wall Panels. Tamlyn trim provides weather-resistant coatings so you can expect low maintenance and long-lasting beauty.

Our trim gives you options – Customize with color or go with our standard anodized finish.

Thanks to our Color Xpressions system, Nichiha can customize our trim to match any color you use on our Illumination Panels.

Whether you are an architect, a builder or a contractor, Nichiha wants to ensure that you have all the information you need to make your project go as smoothly as possible. The way we see it, we are partners. Our website offers a comprehensive collection of technical information, installation videos, Architectural details, in-depth specifications and everything you’ll ever need to know about installing Nichiha products.

Our in-house technical team is here to assist. If you have questions, comments or concerns, call us at 1-866-424-4421 or email us at technicalservices@nichiha.com.

Nichiha installation resources ensure optimal performance…

Never Underestimate the Power of REALLY GOOD TOOLS.

Whether you are an architect, a builder or a contractor, Nichiha wants to ensure that you have all the information you need to make your project go as smoothly as possible. The way we see it, we are partners. Our website offers a comprehensive collection of technical information, installation videos, Architectural details, in-depth specifications and everything you’ll ever need to know about installing Nichiha products.

The look you’re after, the performance we insist on.

Behind our Architectural Wall Panels is some SERIOUS TECHNOLOGY…

- **EASY INSTALLATION**
  Time-saving Clip Installation System that reduces construction time and minimizes mistakes.

- **PROTECTION**
  Backed by some of the best warranties in the industry.

- **NO MORTAR, NO MESS**
  Prefinished panels that eliminate the need for messy mortar or costly masonry skilled labor.

- **LOW MAINTENANCE**
  No-fuss products. Little ongoing cleaning or regular maintenance needed. You get to bring your vision to life and ensure it looks great for a long time.

- **ANY WEATHER PRODUCT**
  Products that can be installed year round in any climate across the country. No geographical restrictions means more possibilities.

- **ENGINEERED FOR PERFORMANCE**
  Go beyond our durable panels and discover a meticulously engineered moisture management system that provides a vertical drainage point for air and moisture to exit.

Nichiha’s Joint Tab Attachment is designed to support panel lateral stability, helping vertical joints stay tightly closed. The tab is fastened to the Ultimate Clip with provided screws.

Nichiha’s Ultimate Starter Track and Dual Drainage Centerline design allows water to escape and air to circulate, reducing the risk of mold and water damage inside the building.

Nichiha products are easy to install... you just need a few basic tools to get started.*

*Tools are not included. Please refer to your specific product for more information.
